Seller Q&A

What are the operating procedures for running this business?: Minimal due to time constraints. Ideally would plan posts, draft and publish, support post with social content.

How often do you email your list?: Email list is included but I don't use it. Note there is also a separate email list for a virtual running club I put together (that I also haven't reached out to/is no longer actively recruiting).

Who wrote the content?: myself

If you were going to keep the site, what steps would you take over the next 3 to 6 months to grow the income and traffic?: Improve DA with outreach to other services. Perform extensive keyword research. Hire VA to write and publish articles based on research, and publish supporting social content.

Where does most of your income generate from?: Previously it was from affiliates and sponsored posts. (No longer monetizing)

If you were shopping to buy a website, what about this site would stand out to you?: Great starter site - has established socials on major networks, original content (including food photos/recipes), and has a lot of opportunity with some work.
