---

## Seller Q&A

**What are the operating procedures for running this business?:** Keyword research, blog posts and Pinterest pins to drive traffic.

**If you were going to keep the site, what steps would you take over the next 3 to 6 months to grow the income and traffic?:** I would create additional content in the crafts and food for kids categories and get pins circulating on Pinterest asap. I would also monetize the site and create digital products for the shop page.

**If you were shopping to buy a website, what about this site would stand out to you?:** It's a niche that will always attract an audience - parents, caregivers, teachers, etc.
