Seller Q&A

What are the operating procedures for running this business?: Posting articles daily (we do 5 usually) on the Wordpress and then setting up corresponding newsletters.

How often do you email your list?: 4-5 times daily with article alerts.

Where does most of your income generate from?: Network ads (Adsense, Taboola and Jeeng)

If you were going to keep the site, what steps would you take over the next 3 to 6 months to grow the income and traffic?: We recently updated the ads and the theme of the site to increase performance. We would continue this process and invest in driving more traffic to the site.

What is your current open rate and click rate?: 35-55% OR and 3-15% CTR with the 50k list. We have a larger list but only send to the most active subscribers to save on sending costs. Campaigner is our ESP, we have a large account with them with a few different newsletters. Send costs are around .26 rpm.

Who wrote the content?: I currently write my own content based on breaking news stories. Images sourced from: Wordpress offers free image subscriptions included in the plan. We also make our own images from news coverage and other open sources.
